Julian Scoffield – Intern

Julian is a current Master’s student at George Washington University, studying Public Health. Julian is also a graduate from William & Mary, where attended undergraduate school. Julian’s interest in Pyxis stems from a personal connection with the political advocacy work they are doing. Julian said that Pyxis is working to improve health outcomes, and so he wanted to be a part of that environment. In the future, Julian wants to work in health policymaking, research, and analysis. Julian is an avid soccer fan.
